Professor:

Training Center City:

Semester and Year:

### Course Description

This course focuses on an overview of discipleship based on the disciple's cross and personality. Topics include the spiritual disciplines of spending time with the Master, living in the Word, praying in faith, fellowshiping with believers, witnessing to the world, ministering to others: as well as doing God's will, renewing your mind, mastering your emotions, presenting your body, being filled with the Spirit, living victoriously, and applications for preaching. Students will create visual projects and applications for transformational discipleship and leadership.

### Course Design

This 14-week course is designed to equip pastors, church planters, and next-generation leaders with Bible knowledge, Christian character, servant leadership, and disciple-making skills with the goal of life-change. It addresses the learning styles of adults through active discussion, charts, visuals, Internet resources, team-building, and presentations. To ensure transfer of credit, changes to this course syllabus must be approved by both Equip Biblical Institute and Southern California Seminary. Over 1,200 leaders have completed EBI courses. *Suggestions for improving course design are appreciated.*

Professors – [Click here to receive the Notes by email.](#) The purpose of this course is to help you realize your full potential in God, so you can become the exemplary leader God intends you to be by developing compassion and understanding—studying the Bible inductively, viewing the world biblically, sharing the Good News enthusiastically, making disciples intentionally, thinking theologically, and serving the Church faithfully in the power of the Holy Spirit.

**Learning Outcomes**

- The student who successfully completes this course will be able to implement 2 Timothy 2:2:
1. Apply and teach how to spend time with the Master.
  2. Apply and teach how to live in the Word and pray in faith.
  3. Apply and teach how to fellowship with believers and witness to the world.
  4. Apply and teach how to minister to others.
  5. Apply and teach how to do the will of God.
  6. Apply and teach how to renew your mind and master your emotions.

  9. Type a 10- to 15-page term paper titled "Applications from the Disciple's Cross and Personality for Character and Leadership Development."
  10. Coach other leaders to develop Christian character through our identity in Christ, gratitude for the Gospel, the spiritual disciplines, personal revival, the fruit of the Spirit, and the seven virtues with the goal of transformational discipleship.

**Methods of Instruction**

Instruction emphasizes active learning, problem-based learning, project-based learning, presentation-based learning, team-based learning, reflection, discussion, interactive lecture, collaboration, visuals, term papers, and exams, with the goal of long-term and real-world learning that results in life-change and leadership skills. The major pedagogical premise of this course is that students should be treated like the servant-leaders they are becoming.

Dr. Gary C. Woods has served as the Bible Department Chairman and Registrar at Southern California Seminary. Dr. Woods has taught for Liberty University, Luther Rice Seminary, San Diego Christian College, and Southern California Seminary. He has a Doctor of Education in Technology and Learning from Alliant International University, a Master of Divinity in Missions from Southwestern Baptist Theological Seminary, and a Bachelor of Science in Cross-Cultural and Pastoral Ministry from Liberty University. He has served as a pastor and church planter with the North American Mission Board, and as an elected governing board member of GUHSD with over 20,000 high school students.

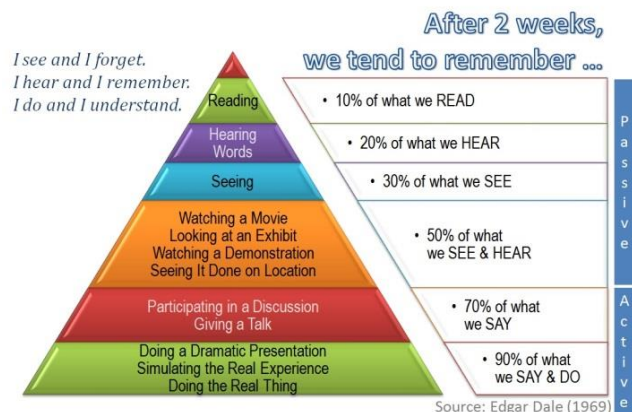

**Accelerated Adult Learning Strategies**

Authentic learning involves observation, interpretation, and application. The goal of *balanced instruction* is to address the learning strengths of adult learners, including verbal, visual, musical, logical, kinesthetic, reflective, interpersonal, natural, and spiritual. *Student-centered instruction* is most effective when it impacts the mind, will, and emotions.

**TEAM-based Active Learning Principles**

Students are encouraged to study in teams to develop application skills, leadership/relational skills, and presentations. Students are not to give answers to co-learners, but help them learn how to find the answers. **TEAM = Together Everyone Accomplishes More.**

**The Cone of Learning**

### Student Requirements

**First**, answer the **questions** in the **portfolio** before class. This will assist student-leaders in focusing on core information and developing the time-on-task study skills and writing skills essential to effective learning and long-term memory. Each student must do his or her own work.

**Second**, maintain the **journal** in the portfolio. (1) What is God teaching you in this session? (2) How are you going to apply these concepts to your life, family, and ministry? (3) How can your church apply these concepts to making disciples and developing leaders? This will assist student-leaders in developing reflection, application, and decision-making skills essential to spiritual growth.

**Third**, participate in the **discussion** of the questions and applications in the portfolio during class. Through discussion students learn from one another and sharpen one another as iron sharpens iron. This will assist student-leaders in developing the relational, speaking, and creative/critical thinking skills essential to effective teaching and servant-leadership.

**Fourth**, complete the **midterm exam**. This will assist student-leaders in developing long-term memory through multiple reviews of the core material.

**Fifth**, participate in an individual or **group presentation** on one of the chapters in the textbooks. The ability to make engaging presentations will multiply your influence, leadership, teaching, and preaching. Discuss applications found in that book. This presentation can be a PowerPoint, drama, role-play, charts, or drawings. This will assist student-leaders in developing the creative/critical thinking and teamwork skills essential to effective teaching and servant-leadership. Week 13

**Sixth**, type a 10- to 15-page **term paper** titled "Applications from the Disciple's Cross and Personality for Leadership and Character Development." The ability to write well will multiply your influence, leadership, teaching, and preaching. Footnote all the ideas, paraphrases, and direct quotes in your paper, whether from books or the Internet. Font should be Times New Roman 12. Include illustrations and charts. This will assist student-leaders in developing the creative/critical thinking and writing skills essential to effective biblical teaching, preaching, and servant-leadership. Week 13

**Seventh**, complete the **final exam** in the portfolio. This will assist student-leaders in developing long-term memory through multiple reviews of the core material and in focusing on transformational leadership and teaching skills. Week 14

### Course Objective Is Life Change

Our mission is to bring glory to God by assisting local churches to equip believers to live and minister biblically based on the inerrant Word of God. This equipping includes Bible knowledge, Christian character, and ministry skills. The objective is to take student-leaders from where they are and move them to where they need to be. Students will learn how (1) to read with their brains; (2) to remember what they have read; (3) to sharpen their thoughts through journaling; (4) to speak effectively before others; (5) to work as learning teams of leaders; and (6) to apply biblically what they are learning to life, family, and ministry.

### Accelerated Adult Learning Techniques

Adults learn in unique ways and so this course incorporates multiple learning styles. According to the **Cone of Learning**, writing, discussing, and applying concepts are the keys to accelerated adult learning. The portfolio is foundational to learning because students remember more of what they write, discuss, and apply. By applying these principles of champion learners, students will experience transformational growth. Welcome to the accelerated disciple-making process!

### Transfer of Credits to Southern California Seminary

#### Attendance Policy

Attending class on time is important to receive the most out of the course. Entering class late disrupts the learning process of all students. Students are permitted three absences for a 14-week semester course. For the semester (28 classroom hours plus 68 homework hours) courses, more than 10 minutes late is a *tardy*; more than 20 minutes late is an *absence*. Two tardies count as one absence. College credit cannot be transferred to Southern California Seminary when a student misses four or more class sessions. A grade of AU (Audit) will be recorded when a student is auditing the course, misses four sessions, does not complete coursework on time, or earns less than 700 points.

#### Class Time and Homework Policy for Transferring Carnegie Credits

To transfer [Carnegie](#) credits to Southern California Seminary, each 2-unit course must include 28 hours of class time discussion and 68 hours of portfolio homework during the 14-week semester. Courses with less than 28 hours of class time do not meet EBI requirements. Since "time plus focus equals learning," increased classroom time and active learning result in increased learning—and learning is the key to leadership and service. Courses start the first week of January, May, and September. For maximum learning, it is recommended that working students take 2 courses per semester or 6 courses per year. Students who plan to transfer must keep copies of portfolios and term papers to present to Equip Biblical Institute and Southern California Seminary upon request

**Portfolio and Term Paper Policy for Transferring Carnegie Credits**

To graduate or transfer [Carnegie](#) credits from Equip Biblical Institute to Southern California Seminary, students must submit their portfolio and term papers at the end of each course to the Registrar for formative assessment. Upon successful completion of the Associate of Biblical Studies, students may transfer **60 units** into the Bachelor of Arts in Biblical Studies degree. If the portfolio or term papers are missing, the credits may not be transferable. Portfolios must be completed individually—not as couples.

Answers to portfolio questions are individual and subjective, so each student must do his or her own portfolio and term paper. As part of the EBI-SCS Articulation Agreement and to facilitate transfer of degrees to other schools, at the end of each course professors and students must submit the portfolios and term papers of transferring students for formative assessment to the EBI Registrar at [gwoods@socalsem.edu](mailto:gwoods@socalsem.edu). The goal is to assist students in being successful in their studies and in their ministries.

**Late Work Policy**

Completing work on time is an important habit for leaders to develop. Homework should be completed weekly before the class discussion and application. The grade for work that is between 1 and 7 days late is lowered by 20%. Normally, work that is over 7 days late will not be accepted. Professors are to send to the EBI offices the grade sheet within 15 days of the end of each course so that academic transcripts can be updated each semester. Professors are paid after grades are submitted.

<p>Writing clarifies one's thoughts and is a key skill for an effective leader. Initially students may have difficulties in developing writing skills, but they will improve and gain confidence with each course they complete. It is important that professors help students improve their writing skills to maximize their thinking and leadership skills. Students should use the term paper rubric, sample term paper, and <a href="#">type-over template</a> to write their term papers. Since students have different abilities, goals, responsibilities, and schedules, students can choose the grade for which they are aiming. It is possible to earn a "C" by writing an essay rather than a term paper, but it is necessary to write a term paper to earn an "A" or "B".</p>		
<p>Writing and journaling two of the most important skills that a leader can develop. As part of the academic agreement with Southern California Seminary, to earn an "A" students are required to email or mail a copy of their academic work to the EBI registrar. The first goal is to affirm students who are doing all the work. The second goal is help students do even better by analyzing the term papers and to preparing next-generation leaders for university level education and ministry by helping them improve their writing skills, thinking skills, and leadership skills.</p>		
<p>The mission of Equip Biblical Institute is to bring glory to God by assisting local churches to equip believers of various cultures and languages to live and minister biblically based on the inerrant Word of God. This equipping includes building biblical knowledge, Christian character, and ministry skills. The goal is to provide leadership and teaching resources, intentional leadership development, disciple-making materials, Skype courses, YouTube videos, charts, notes, and visuals to pastors and churches around the world. EBI is equipping the next generation of pastors and leaders to multiply their influence by training leaders, creating videos, and writing books.</p>		
<p>EBI is a religious exempt school and not accredited by the U. S. Department of Education; however, EBI Associate degrees are transferable to Southern California Seminary and other schools based on the EBI-SCS articulation agreement based on <a href="#">Carnegie</a> Units, portfolios, and term papers.</p>		
<p>One of the benefits of advanced training is that trained pastors do better and last longer in ministry than pastors with little or no training. Skills learned include administration, apologetics, attitude, belonging, biblical worldview, Bible interpretation, character development, church planting, college learning, communication, community development, counseling, creative thinking, critical thinking, disciple-making, encouragement, enrichment, equipping, ethical development, evangelism, faith-based, family-based disciple-making, financial intelligence, interaction, leadership, mentoring, ministry, motivational, online learning, organizational, parenting, pastoral ministry, people, project-based learning, preaching, relational, resilience, self-awareness, servant leadership, spiritual disciplines, spiritual gifts, spiritual growth, spiritual warfare, student success, strategic planning, teaching, technology, transformational learning, writing, and youth leadership skills. Every course assignment has a whole-brain learning</p>		

rationale with the goal of life transformation. The goal is the effective ministry described in 2 Peter 1:2-8.

As students take each course, their brains will develop a multitude of new physical and chemical neural connections, increasing their ability to read with comprehension; make practical applications from what they are learning; and improve their communication, leadership, and writing skills.

EBI incorporates seminary success skills and transformational teaching, including [Adult Learner Model](#), the Affective Neuroscience Learning Model, Bloom's Taxonomy of Learning Domains, the [Carnegie Unit and Student Hour](#) Rubric, the Cognitive [Neuroscience](#) Learning Model, the Seven Laws of Learning Model, the Learning Styles Model, Knowles's [Adult Learner Model](#), the [Maslow](#) Pyramid of Needs, the [Multiple Intelligences](#) Model, the Professional Development Rubric, the [Quality Matters](#) Rubric, the Seven Principles of Good Practice in Undergraduate Education Model, the Teaching to Change Lives Model, the [Visual Learning](#) Model, and the [Working Memory](#) Model.

EBI utilizes the power of [Formative Assessment](#) rather than summative assessment. Formative assessment promotes students' learning by providing feedback on how to study better, develop integrity and leadership skills, and write better term papers. Summative assessment gives only a final grade or evaluation of proficiency (A, B, C, D, F).

Academic research indicates that when formative assessment is provided the amount of student learning is often double that of summative assessment. Formative assessment involves briefly reviewing portfolios each week to make sure students are not getting behind and assisting all students to improve their writing skills each week based on rubrics and samples of term papers.

Effective teachers enlist stronger students to help struggling students to improve. Rubrics help students gauge the quality of their work and see what else is needed to improve their writing and leadership skills. Samples of term papers demonstrate what is expected and required for leadership and character development.

Effective teachers have students compare and peer-review one another's papers in class during specified times. Formative assessment is about providing students with feedback or tips aimed at improving their writing and critical thinking skills—not just giving them a letter grade. Feedback is most effective when it explicitly communicates to students about some specific aspects of their performance relative to specific target criteria, and when it provides information that helps students progress toward meeting that criterion.
