**Course Grading Rubric**

It is possible to earn a "C" without writing the term paper; but is not possible to earn an "A" or a "B". Writing is a key skill for successful leaders. Initially students may have difficulties in writing scholarly term papers; but they will improve and gain confidence in each course they complete. It is important to help students improve their writing skills in each course in order to maximize their leadership skills.

As part of academic quality control, to earn an "A", students must send by email a copy of their term paper to the Registrar. The objective is to affirm the best term papers and to prepare next generation leaders for university level education by helping them improve their writing skills, thinking skills, and leadership skills. As part of continuous academic improvement, EBI recognizes the best term papers at graduations. Thank you.

To transfer a diploma to Southern California Seminary, students must keep copies of their portfolios, term papers, and exams.
