## VEVRAA-JOB OPENINGS

Greetings!

This is an automated email from VetCentral by DirectEmployers intended for all American Job Center employees who work with veterans, transitioning servicemembers, military spouses, and employers. Please do not reply to this email as this address is unattended. If you have questions or comments, please contact DirectEmployers by phone at [1 \(866\) 268-6206](tel:18662686206), or email at [customercare@vet-central.com](mailto:customercare@vet-central.com).

The jobs listed below are from both nonfederal and federal contractors who have job openings in your area. If employers listed below are not already customers, they should be contacted by business service team members to offer AJC services. The description and requirements for the [Federal Contractor Job Listing](#) (FCJL) are available online via the link found in the job title(s). DirectEmployers jobs are provided to your center to allow for priority referrals of protected veterans under the Jobs for Veterans Act of 2002 (38 U.S. Code § 4212(a)).

**Please note:** Your state's job bank is participating in the [National Labor Exchange](#) daily file download process. There is no need for you to manually post these jobs in your state's job bank, as they will appear automatically within 48 hours.

If the OFCCP contacts you regarding an audit, please immediately contact your JVSG State Coordinator or your state's OFCCP contact.

Thank you,

VetCentral by DirectEmployers

Dear Outreach and Placement Professional:

Flad Architects is a federal government contractor and is fully committed to the concept and practice of equal opportunity and affirmative action in all aspects of employment. Flad Architects maintains an affirmative action plan through which it makes good faith efforts to recruit, hire and advance in employment qualified individuals without regard to sex, gender identity, sexual orientation, race, color, religious creed, national origin, age, genetic information, physical or mental disability, ancestry, protected military/veteran status, marital status, arrest or conviction record (except as permitted by law), use or non-use of lawful products off of Flad's premises during nonworking hours, or any other characteristic protected by local, state, or federal law.

Flad Architects states as its Policy of Affirmative Action the following:

1. It will be the policy of Flad Architects to recruit, hire, train, and promote persons in all job titles without regard to sex, gender identity, sexual orientation, race, color, religious creed, national origin, age, genetic information, physical or mental disability, ancestry, protected military/veteran status, marital status, arrest or conviction record (except as permitted by law), use or non-use of lawful products off of Flad's premises during nonworking hours, or any other characteristic protected by local, state, or federal law.
2. All employment decisions shall be consistent with the principle of equal employment opportunity, and only job-related qualifications will be required.
3. All terms and conditions of employment will be administered without regard to an individual's sex, gender identity, sexual orientation, race, color, religious creed, national origin, age, genetic information, physical or mental disability, ancestry, protected military/veteran status, marital status, arrest or conviction record (except as permitted by law), use or non-use of lawful products off of Flad's premises during nonworking hours, or any other characteristic protected by local, state, or federal law.

We would appreciate your assistance in Flad Architects' efforts to meet our equal employment and affirmative action goals. We request priority referrals of protected veterans and individuals with disabilities.

Included in this email is an open position available in our San Diego, CA office, located at: 4655 Executive Drive, Suite 250, San Diego, CA 92121. From the Armed forces to the Workforce – Your Future**

## Greetings!

As we move through the month of May, we pause to recognize National Military Appreciation Month—a time dedicated to honoring the service, resilience, and enduring contributions of our Veterans, Military members, Guard, Reserves, and their families. In San Diego, we are one of the strongest military-connected communities in the nation, and this recognition is more than a sentiment; it is a call to action.

The journey **from the armed forces to the workforce** requires more than just a transition; it requires a strategy. While many believe that a well-crafted document is enough, the latest insights from San Diego Veterans Magazine remind us that success in the civilian workforce is driven by intentionality and the commitment to move forward toward the future you deserve.

To support this mission, our community continues to leverage innovative tools like SpouseMatch and SpouseMatch. By utilizing predictive analytics to uncover your unique strengths, our platforms are designed to bridge the gap between service and civilian life, reducing job search times and ensuring that veterans and spouses find roles where they can thrive and advance.

**Featured Event: The NAVNET Networking Breakfast** Building a strong network remains the most effective way to secure a future. This Friday, May 1st, the Clubhouse will host the NAVNET Networking Breakfast from 7:00 AM to 10:00 AM. This is a premier opportunity to engage in 30-second elevator introductions, network, and meet directly with potential employers. We are proud to offer free admission for our members, with a \$30 entry fee at the door for other attendees.

We encourage everyone to stay engaged, stay encouraged, and continue to support one another that make our community strong. Your future starts with the connections you make today.

With appreciation and respect,

**A Resume Is Not a Plan** challenges the common belief that a polished résumé is enough to ensure post-military success. In this article, Maurice D. Wilson explains why veterans need a clear, personalized career strategy—not just job search documents—to avoid underemployment and career frustration. The piece also introduces VeteranMatch, a predictive career planning platform designed to help veterans and spouses discover their Career DNA, align with future-fit opportunities, and build a purposeful civilian career path.
